PRO ENERGY™

SOM PROTOCOL - PART 3
PRO GROW SYSTEM™

PRO ENERGY™ is an essential component of the SOM PROTOCOL within our PRO GROW SYSTEM™ - designed to build healthy soil & produce greater yields. PRO ENERGY™ is a liquid blend of organic micro-nutrients that furnishes immediate energy to microbial life and serves as a natural plant electrolyte - stimulating the activity necessary for making soil organic matter (SOM).

May be applied through drip, flood, sprinkler or other irrigation systems and as a root dip. Do NOT apply undiluted. Shake well before use.

IRRIGATION APPLICATIONS

Add 6 fl oz to enough water to irrigate 1 acre.

Application rates may vary based on crop and soil characteristics. Contact [Urth Agriculture](#) for further guidance.

STORAGE: Store out of direct sunlight in a cool place above 40° F. DO NOT FREEZE.

CAUTION: PRO ENERGY™ is not intended for human consumption. Keep out of reach of children. In case of contact with eyes or skin, flush with water for up to 15 minutes.

NOTE: Information regarding the contents and levels of metals is available at <http://www.aapfco.org/metals.html>
