# PRO MICROBES™

A POWERFUL BIOLOGICAL FERTILIZER

urth<sup>®</sup>  
agriculture

## PRO MICROBES™

SOM PROTOCOL - PART 1  
PRO GROW SYSTEM™

PRO MICROBES™ is an essential component of the SOM PROTOCOL within our PRO GROW SYSTEM™ - designed to build healthy soil & produce greater yields. PRO MICROBES™ is a biological fertilizer formulated to help build SOM (soil organic matter) rapidly using a proprietary blend of carefully-selected, hardworking microbes and essential nutrients.

# 1

### MIX

Fill container with clean, **CHLORINE FREE** water. Shake thoroughly to mix product. Keep cap slightly loose for ventilation during activation period.

# 2

### ACTIVATE

REQUIRES ACTIVATION 48 HOURS  
prior to application.

DATE OF  
ACTIVATION

Allow 48 HOURS for "microbial bloom" activation. Store in a cool, dry place. Do not store in sunlight, heat or freezing temperatures. Once activated, product must be applied within 7 days.

# 3

### APPLY

EXPIRATION 7 DAYS  
after activation.

DATE OF  
APPLICATION

Activated concentrate can be applied through any irrigation system in a **CLEAN TANK**: free of any chemicals, amendments, pesticides, or fungicides. Apply through irrigation system during the first 1/3 of irrigation cycle. Sandy soils: apply during last 1/3 of irrigation cycle.

### ROOT DIP APPLICATIONS

Root dip applications vary by crop, soil type, and other characteristics. See website for further guidance.

DATE OF  
ACTIVATION

DATE OF  
APPLICATION

**STORAGE:** Store out of direct sunlight in a cool place above 40° F. DO NOT FREEZE.

**CAUTION:** PRO MICROBES™ is not intended for human consumption. Keep out of reach of children. In case of contact with eyes or skin, flush with water for up to 15 minutes.

**NOTE:** Information regarding the contents and levels of metals is available on the internet at <http://www.aapfco.org/metals.html>
